Christian F. Rostboll

Deliberative Freedom: Deliberative Democracy As Critical Theory Christian F. Rostboll

In *Deliberative Freedom*, Christian F. Rostboll accepts the common belief that democracy and freedom are intimately related, but he sees this relationship in a new and challenging way. Rostboll argues that deliberative democracy is normatively committed to multiple dimensions of freedom, and that this, in turn, makes it a distinct model of democracy. He presents a new version of deliberative democracy that rejects the prevailing synthesis of Habermasian critical theory and Rawlsian political liberalism, and contends that this synthesis obscures and neglects important concerns in terms of freedom and emancipation. In addition, Rostboll explores how the many dimensions of freedom supply a new and fruitful way to address issues such as paternalism, elitism, rationalism, and neutrality."
