Egypt: Contested Revolution

Philip Marfleet

Egypt: Contested Revolution Philip Marfleet

Many obituaries have been written for Egypt's attempted revolution. But for Philip Marfleet, the revolution is an ongoing process best understood by examining the complex, changing relations among its principal actors. In *Egypt*, Marfleet gives a robust, wide-lens account of the political struggle unfolding from just before the "Arab Spring" of 2011 to the summer of 2015.

In his exploration of the events unfolding in Egypt over these tumultuous five years, Marfleet asks what can be learned from Egypt and the political upheavals that continue to affect societies in the Middle East and throughout the global south. Testimonies from participants across the political spectrum explore their engagements in the streets, workplaces, campuses, and neighborhoods, in addition to the formal political arena. Drawing on considerable primary research, *Egypt* offers one of the best participant-orientated accounts of the country's struggle published to date.
