## Show Me Laurie Ryan

Cancer. It's one of the scariest words in the world and one that no one wants to hear. Show Me is one woman's poignant journey through hope and fear, learning to cope, dealing with disappointment, and defining relationships during the most traumatic experience of her life. The words ovarian cancer infiltrate Celia Milbourne's brain and send chills down her spine, settling in her heart like a mound of icy stones. She must dig deep for the strength to fight this medical beast and still maintain some measure of normalcy for her young daughter. Aided by family and friends—and an empathic ghost named Seth—Celia embarks on a path riddled with challenges, filled with anguish and joy, and bolstered by an enduring hope sustained by love.
