The Healey Book is a comprehensive history of every car and boat created by Donald and Geoff Healey between 1946 & 1978 and records for posterity their valuable contributions to motoring. The entire Healey history has been extensively researched and is displayed here using beautiful photographs, archive images, period brochures, contemporary advertisements, accurate technical data and concise histories of the development and achievements of each car. In her foreword to the book, Margot Healey states, "The legend of the Healey name continues to fascinate anyone interested in motorcars, competition racing, concourse or just driving for pleasure. Enjoy this book, surely one of the best photographic records of the many Healey inventions".
