The Molly Maguires and the Detectives (Classic Reprint) Allan Pinkerton

The governing idea in the mind of the author, while preparing this volume for the press, has been to give details connected with the MOLLIE Maguires, and follow strictly the truth concerning the adventures of the detectives during three years passed in their midst. He is aware that, in many places, the relation reads much like fiction, and that it will be accepted as romance by very many who are totally unacquainted with the country and the people attempted to be described. It has been the constant endeavor to adhere closely to facts, and if the incidents are, in a great degree, novel and absorbing, it is due to these facts, and they were worked out, through arduous labors, in sleepless nights and undivided attention to the ends to be gained. The coal regions of Pennsylvania are inhabited by a mixture of races, the ingredients perhaps more widely differing, in character and origin, than those of any other portion of the globe.

(Typographical errors above are due to OCR software and don't occur in the book.)
