Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, have delivered the newest edition of *Applied Corporate Finance*. This readable text provides the practical advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models.

Like no other text of its kind, *Applied Corporate Finance, 4th Edition* applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions.
