## **Searching For Right (Urban Books) Brittney Holmes**

Lauren, Jayda, Danielle, and Brenda are finishing their senior year of high school. They seem to have perfect lives, but these girls have more to worry about than finals and college applications.

Lauren has an inextinguishable infatuation with her history teacher, and she will do whatever it takes to get what she wants, even if it means hurting herself, her friends, or someone who truly loves her. As she plans to celebrate her eighteenth birthday, she concentrates her attention on making it one she'll always remember.

Jayda has the closest relationship with Lauren, but even she can't sway her friend from making decisions she will regret. Besides, she has her own problems. With her parents' marriage in turmoil, she has to be the backbone of her family. Can she balance that with her new love interest, who comes from a completely different background than she does?

Danielle's a single mother who has enough on her plate without having to deal with her pessimistic mother always telling her that she can do nothing right. When she makes a new friend, he brings a breath of fresh air into her life. With his help, she's making strides to become the woman she's always hoped to be.

Brenda is the brainiac of the foursome, but doesn't seem to be very smart when it comes to men. When she messes up something good with a great guy, she realizes where her problems lie and confronts her mother head-on.

These young women on the brink of adulthood are struggling to handle their issues. As God is introduced to them in unusual ways, they find themselves on a journey they'll never forget.
