Grandmother's Scrapbook

Grandmother's Scrapbook

Scrapbooking is to today's families what quilting was to the women of 19th-century America, with family heritage enjoying a revival among today's crafters. Grandmother's Scrapbook is a wonderful way for grandmothers to share their life stories with their grandchildren, allowing them to tell family stories in their own words, alongside treasured images. The text begins with the process of making a scrapbook: how to organize your thoughts, design a page, and create special effects such as paper folding, piercing, and quilting. The second part of the book presents beautifully illustrated removable mounting sheets in poly sleeves. Organized by theme, these mounting sheets include a design for a family tree, space for family stories, and printed frames ready to be filled with family photos.
