## **Murder by Proxy** Sandra L Olson

Something sinister is going on in the Neonatal Intensive Care Unit of a prominent Boston hospital. When Joyce Lattimer begins caring for the infants there, she discovers that someone is murdering them. She and her friend, Nancy, uncover evidence showing that Martha Ryan is probably responsible for the deaths of at least 20 infants. The hospital administrators refuse to believe that one of their own would do such a horrible thing and their solution is to "upgrade" the NICU to all RN's which removes Martha, who is an LPN, from the unit. Martha is moved to the pediatric unit where she continues to create problems. Dissatisfied with their solution, Joyce continues to probe for the truth only to begin receiving threats to her family and friends. Trying to protect those she loves and the children at the hospital becomes her obsession and her downfall.
