## Notes from the Shadowed City

*Notes From the Shadowed City* is the travelogue of a young man who sets off on a journey to research magical swords. He finds himself stranded in a land he does not know and enters a city with no name over which looms an ominous floating citadel. As he seeks a way home, he fills his notebook with drawings and observations of his life in this strange place. It is full of masked swordsmen, cities that walk, ancient gods, swords made from petrified trees and dragons that move mountains. There's also a mysterious woman who captures his heart.

From the imagination of award-winning artist Jeffrey Alan Love comes this illustrated tale of swords and magic, memory and loss, and the overwhelming desire to find a way home no matter the cost. His first book detailing this fantastic journey, *Notes From the Shadowed City* is told through small moments that create a larger narrative. Love employs his renowned artistry to create a heavily visual narrative boasting more than seventy illustrations, and every spread features his art along with handwritten text—a captivating journal entry that expands into a visual symphony. As you follow in the footsteps of this young man, you'll be intrigued to seek out the Shadowed City.
