## Alcohol And Emerging Markets: Patterns, Problems, And Responses

Divided into two parts, *Alcohol and Emerging Markets* begins with a series of case studies that assess alcohol issues in four regions - Asia, Central and Eastern Europe, Latin America, and Sub-Saharan Africa - and four countries - China, India, Mexico, and Russia. Issues such as past and current public policy developments, prevention programs, and treatment of alcohol related disorders are addressed as well as the health consequences of alcohol use and abuse. In the second part, the contributors consider the issues relevant to the entire geographical region covered by the book. The book also includes a chapter that examines the role of the industry in emerging markets and suggests a set of guidelines that address alcohol misuse issues.
