**Jesus Was Caesar: On the Julian Origin of Christianity: An Investigative Report** Francesco Carotta  
Julius Caesar, son of Venus and founder of the Roman Empire, was elevated to status of Imperial God, Divus Julius, after his violent death. The cult that surrounded him dissolved as Christianity surfaced. The cult surrounding Jesus Christ, son of God and originator of Christianity, appeared during the second century. Early historians, however, never mentioned Jesus and even now there is no actual proof of his existence. On the one hand, an actual historical figure missing his cult; on the other, a cult missing its actual historical figure. Jesus Was Caesar examines these intriguing mirror images. Is Jesus Christ really the historical manifestation of Divus Julius? Are the Gospels built on the life of Caesar, just as the first Christian churches were built on the foundations of antique temples? Corruptions in the copying of texts, misinterpretations in translations and the transformation of iconography from Roman to Christian have been traced to their origins. Are the Gospels a 'mis-telling' of the life of Caesar - from the Rubicon to his assassination - mutated into the narrative of Jesus - from the Jordan to his crucifixion?
