The Baby Crying Guide: Practical Advice to Calm or Treat Excessive Crying and Colic Mark Anthony
All babies cry, but some cry all the time. Excessive crying is mostly caused by only a few conditions - hunger, colic, reflux, cow's milk protein intolerance and occasionally other things. Dr Mark Anthony and Francesca Prophet's book will help you understand what's causing your baby to scream and what treatments are available. Each condition comes with its own cluster of signs and by paying careful attention to your baby it is possible to get to the root of their discomfort and find a cure. Offering informative and practical medical diagnostic advice that will allow you to understand why babies cry, the nature of excessive crying, and what treatments and coping strategies are available The Baby Crying Guide is an invaluable tool for parents of screaming babies. An exhaustive yet accessible guide on how to best diagnose and treat the condition that is causing your baby's crying, Dr Mark Anthony and Francesca Prophet's essential book, The Baby Crying Guide is a must-buy for exhausted parents, whether new or experienced, who for no fault of their own have a baby who cries all day and all night long, who falls asleep crying, cries in their sleep and cries again when awake. Written by two parents with over twenty years of paediatric experience between them, The Baby Crying Guide offers practical and compassionate advice on how to calm and treat crying babies.
