The Powers: 12 Principles to Transform Your Life from Ordinary to Extraordinary Mark W. Erwin
It's time to discover your powers.

The Powers is written for people who have a drive to become highly successful in their chosen field of endeavor. Throughout this book you will meet many who came from ordinary backgrounds to achieve extraordinary things in a variety of pursuits. They came from different circumstances with a wide range of gifts as well as many personal limitations. All have experienced failure and some were serial failures. The Powers they discovered within themselves are the same Powers Erwin has identified and discusses. Through study, they can become your Powers.

While everyone has different dreams and goals, they also possess their own set of Powers, even if some are hidden deep within. Erwin has found that intellectual curiosity, developing a grand vision, setting clear goals, practicing persistence, and other concepts included in this book are common traits among the most successful people. After years of studying works by great authors such as Napoleon Hill, Norman Vincent Peale, and Dale Carnegie, befriending highly successful people, and exploring an experimental learning style, Erwin has found common traits that not only create success but also allow one to go from ordinary to extraordinary.

Mark Erwin has mentored hundreds of people, both young and old, and has collected life-changing lessons throughout his journey that brought him from a sixteen-year-old in a jail cell to a multimillionaire before he was forty. In The Powers, he shares personal stories, philosophical and practical advice, and a one-of-a-kind collection of wisdom and insights from some of the most successful people in history, many of whom are friends.

This book creates the blueprint for you to become exceptionally successful and maps out how using the Powers, in combination with your unique personality and emotional intelligence, will help you stand out and make a difference in whatever area you choose to pursue.

Read and reread this book and your true path for success on your terms will be revealed, and you will know exactly how to make your dreams come true.
