Brewed in America

Stanley Baron

Brewed in America Stanley Baron

This is the hard cover 2007 reprint edition by BeerBooks.com. In our opinion, Brewed In America is just about the best, most comprehensive history of brewing in America out there. First published in 1962, nothing else has yet topped it. The book goes into great detail on just about every facet of beer and brewing history in the U.S. from colonial times up to the time of publication (1962). Terrific insight into the evolution of the brewing industry, and the most complete history of beer in America in any single work.
