Hoshino's Alaska

Hoshino's Alaska

Michio Hoshino traveled from his native Japan to Alaska in 1972 for what was to be a two-week trip. Enchanted, he stayed for three months, then returned to live there in 1978, undertaking a lifelong career as a naturalist and photographer driven by a deep commitment to and curiosity about the region. Killed by a bear while traveling in Russia in 1996, he is still widely regarded as the preeminent photographer of the Alaskan wilderness for his breathtakingly beautiful photographs, at once majestic and intimate. *Hoshino's Alaska* celebrates his life and work by collecting nearly 150 of his best images, along with insightful excerpts from his writings, and essays by his close friend and translator Karen Colligan-Taylor and by author and photographer Lynn Schooler revealing both the heart of Alaska and of the man behind the lens.
