SPSS 9.0 Guide to Data Analysis Marija J. Norusis

This book provides a jump start on describing data, testing hypotheses, and examining relationships using SPSS. Chapter exercises provide comprehensive examples of basic statistical techniques and to ensure that you're on the right track, solutions to selected exercises are now included. In addition, data files specific to chapter examples and exercises (including the General Social Survey) are provided. This combination of examples, exercises, and data files gives you hands-on experience finding meaning in data and reduces your learning curve. An Instructor's Manual is available upon request.
