Powerpoint for Windows 95 (Visual QuickStart Guide) Rebecca Bridges Altman

The secret to the popularity of Peachpit's bestselling Visual Quickstart Guide series (over 1,000,000 copies now in print) is that each book provides exactly what the title implies -- a fast, simple way to get up and running a new program. The books use a format in which illustrations predominate, with text playing a supporting role. Once you have learned a program, you can continue to use a Visual Quickstart Guide as an easy reference on particular functions and features.
