**React Design Patterns and Best Practices** Michele Bertoli

## Key Features

- Dive into the core patterns and components of React.js in order to master your application's design
- Improve their debugging skills using the DevTools
- This book is packed with easy-to-follow examples that can be used to create reusable code and extensible designs

## Book Description

Taking a complete journey through the most valuable design patterns in React, this book demonstrates how to apply design patterns and best practices in real-life situations, whether that's for new or already existing projects. It will help you to make your applications more flexible, perform better, and easier to maintain - giving your workflow a huge boost when it comes to speed without reducing quality.

We'll begin by understanding the internals of React before gradually moving on to writing clean and maintainable code. We'll build components that are reusable across the application, structure applications, and create forms that actually work.

Then we'll style React components and optimize them to make applications faster and more responsive. Finally, we'll write tests effectively and you'll learn how to contribute to React and its ecosystem.

By the end of the book, you'll be saved from a lot of trial and error and developmental headaches, and you will be on the road to becoming a React expert.

## What you will learn

- Write clean and maintainable code
- Create reusable components applying consolidated techniques
- Use React effectively in the browser and node
- Choose the right styling approach according to the need of their applications
- Use server-side rendering to make applications load faster
- Build high-performing applications by optimizing components

### From reader reviews:

#### **John Sanchez:**

Here thing why this particular React Design Patterns and Best Practices are different and reliable to be yours. First of all reading through a book is good nevertheless it depends in the content of it which is the content is as delicious as food or not. React Design Patterns and Best Practices giving you information deeper and different ways, you can find any publication out there but there is no publication that similar with React Design Patterns and Best Practices. It gives you thrill looking at journey, its open up your eyes about the thing that happened in the world which is might be can be happened around you. You can bring everywhere like in area, café, or even in your approach home by train. When you are having difficulties in bringing the published book maybe the form of React Design Patterns and Best Practices in e-book can be your alternative.

#### **Gail Brasfield:**

Spent a free time for you to be fun activity to complete! A lot of people spent their down time with their family, or all their friends. Usually they doing activity like watching television, gonna beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Do you wish to something different to fill your current free time/ holiday? Might be reading a book can be option to fill your no cost time/ holiday. The first thing you ask may be what kinds of guide that you should read. If you want to consider look for book, may be the e-book untitled React Design Patterns and Best Practices can be good book to read. May be it can be best activity to you.

#### **Candice Foushee:**

Don't be worry should you be afraid that this book will probably filled the space in your house, you will get it in e-book way, more simple and reachable. This specific React Design Patterns and Best Practices can give you a lot of friends because by you looking at this one book you have factor that they don't and make you actually more like an interesting person. This specific book can be one of a step for you to get success. This publication offer you information that might be your friend doesn't know, by knowing more than some other make you to be great persons. So , why hesitate? Let us have React Design Patterns and Best Practices.

#### **Mamie Contreras:**

As a university student exactly feel bored for you to reading. If their teacher expected them to go to the library in order to make summary for some guide, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this React Design Patterns and Best Practices can make you feel more interested to read.
