And Everyone Shouted, "Pull!": A First Look at Forces and Motion (Little Bees) Claire Llewellyn

Through the humorous observations of farmyard animals, we watch the UPS and DOWNS of a farmer and his animals as they try to take their goods to market. Each spread shows a problem en route - a steep hill UP, a steep hill DOWN, a slippery road - and the effect it has on the animals and the farmer's cart. In doing so, the book introduces ideas about the rules of forces and motion (Science Key Stage 1) - and has a lot of fun along the way! This is an engaging and beautifully illustrated information book that encourages children to question the world around them.
