As a student exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated.
