Stephen G Kirk

Did you know that the common shares of small cap, junior and “penny” stocks actually EVOLVE? This groundbreaking work breathes new life into the field of technical analysis, enabling novice investors and seasoned analysts alike to pick the winners and avoid the losers from among the many thousands of junior and small cap stocks trading on world exchanges. Stephen Kirk’s concepts of Diversified Liquidity, Fractalism and his development of the Fractal and Dynamic Signatures will allow you to reveal and identify only those low priced, public company stocks that have true growth potential and the possibility to become tomorrow’s market leaders! New and veteran Metastock users will find Mr. Kirk’s technical indicators and analysis systems easily understood and immediately profitable. The book explains and demonstrates exactly how anyone can profit from these innovative techniques including: Cascading Metastock Exploration Filters - instantly identify high growth potential, low priced junior and small cap stocks. The Fractal Signature - Indexes and Aspects of Fractalism within equities, rank the leaders on any global exchange. The Dynamic Signature – identify stocks having specific trading dynamics for accurate trading system back testing. Congruent Incident Modeling – use the Metastock commentary to write your own incredibly accurate custom indicators. How to use super accurate support and resistance price levels – know where any trend is likely to stall or brake. Portfolio risk control techniques – understand the true volatility of any stock and protect your investment capital. How to use a tried and true, step-by-step method to evaluate and assess any security.
