Baby Food Joost Elffers, Saxton Freymann

Saxton Freymann and Joost Elffers's most accessible picture book yet--a zoo of baby animals carved out of fruits and veggies, sized (and priced!) perfectly to sell to the gift and children's market.

A menagerie of animals decorate the gloriously colored pages of BABY FOOD. Animals ingeniously carved and cut from a cornucopia of fruits and vegetables, of course--what else would you expect from the talented Saxton Freymann and Joost Elffers, who brought us HOW ARE YOU PEELING?! A Chinese eggplant becomes a little penguin and a red pepper transforms into a baby hippo. A turnip becomes a baby duck and a cauliflower a sheep.

Parents, babies, and new moms and pops will love to share these animal babies! They make great winter holiday and Easter gifts for grown-ups too.

As a student exactly feel bored for you to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Baby Food can make you sense more interested to read.
