Consumer Economics: Issues and Behaviors

Elizabeth B. Goldsmith

Consumer Economics: Issues and Behaviors Elizabeth B. Goldsmith

From identity theft to product recalls, from what we once thought of as unshakeable institutions to increasing concerns about sustainability, consumer issues are an integral part of modern life. This fully updated third edition of *Consumer Economics* offers students an accessible and thorough guide to the concerns surrounding the modern consumer and brings to light the repercussions of making uninformed decisions in today's economy.

This definitive textbook introduces students to these potential issues and covers other key topics including consumer behavior, personal finance, legal rights and responsibilities, as well as marketing and advertising. Combining theory and practice, students are introduced to both the fundamentals of consumer economics and how to become better-informed consumers themselves.

Highlights in this new edition include:

- New Critical Thinking Projects feature to encourage students to develop their critical thinking skills through analysing consumer issues.
- Expanded coverage of social media and the impact of social influence on consumers.
- Revised Consumer Alerts: practical advice and guidance for students to make smart consumer decisions.
- A new Companion Website with a range of presentation materials and exercises related to each chapter.

Fully updated throughout, this textbook is suitable for students studying consumer sciences – what works, what doesn't, and how consumers are changing.

From reader reviews:

Helen Sullivan:

What do you about book? It is not important to you? Or just adding material when you really need something to explain what the one you have problem? How about your extra time? Or are you busy person? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Every individual has many questions above. They must answer that question due to the fact just their can do in which. It said that about guide. Book is familiar in each person. Yes, it is proper. Because start from on kindergarten until university need this kind of Consumer Economics: Issues and Behaviors to read.

Laurence Terry:

This Consumer Economics: Issues and Behaviors book is absolutely not ordinary book, you have it then the world is in your hands. The benefit you obtain by reading this book is information inside this publication incredible fresh, you will get info which is getting deeper an individual read a lot of information you will get. This Consumer Economics: Issues and Behaviors without we understand teach the one who reading it become critical in imagining and analyzing. Don't be worry Consumer Economics: Issues and Behaviors can bring when you are and not make your handbag space or bookshelves' become full because you can have it within your lovely laptop even cell phone. This Consumer Economics: Issues and Behaviors having very good arrangement in word as well as layout, so you will not really feel uninterested in reading.

Nancy Williams:

Why? Because this Consumer Economics: Issues and Behaviors is an unordinary book that the inside of the book waiting for you to snap this but latter it will jolt you with the secret that inside. Reading this book close to it was fantastic author who write the book in such amazing way makes the content interior easier to understand, entertaining way but still convey the meaning totally. So , it is good for you because of not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book have such as help improving your proficiency and your critical thinking means. So , still want to hesitate having that book? If I were being you I will go to the book store hurriedly.

Mario Curtin:

As we know that book is important thing to add our understanding for everything. By a book we can know everything we wish. A book is a set of written, printed, illustrated or blank sheet.
