Psychoanalytic Study of the Child: Volume 69 (The Psychoanalytic Study of the Child Series)

In honor of the seventieth anniversary of the debut of the Psychoanalytic Study of the Child series, this volume features contemporary reflections on the inaugural issue. This salute to a groundbreaking series also collects essays and clinical contributions by a range of prominent psychoanalysts that demonstrate its relevance to the current zeitgeist. One such section reflects on how cultural attitudes impact the field, such as the war against women in psychoanalytic culture. Two other sections highlight the cutting edge of perspectives regarding children on the spectrum, and the application of child analytic principles to educational models, school consultations, and psychopharmacology.
