The Visual Design Primer

Susan G. Wheeler, Gary S. Wheeler

The Visual Design Primer Susan G. Wheeler, Gary S. Wheeler

A highly practical and compact reference for beginning designers, this easy-to-use "how-to" guide offers an abundance of step-by-step design development examples as it clearly explains the basic building blocks of design—how to stimulate creativity, the process of design (from thumbnails to layouts to comprehensives), and the immediate application of these concepts to specific design projects for print and electronic media. Begins with a quick background overview and continues with sections of design preliminaries, design components, design production, and the design profession. Explains concepts simply with many examples and illustrations. Lays a strong foundation for solving all kinds of design problems. Provides extensive, annotated examples of design development at the early stages when designers are most confused and easily discouraged, clearly demonstrating the steps to take to begin an actual design. Explores a full range of design applications in common print and electronic uses, such as advertisements, posters, pictograms, brochures, newsletters, web pages, and display presentations, and examines a full range of production issues, including printing techniques, paper selection and manufacture, and finished art preparation. Comes in a compact 5 1/2" x 8 1/8" size.   For graphic designers, or those contemplating a career in design.

From reader reviews:

Leticia Brewster:

What do you think of book? It is just for students as they are still students or the idea for all people in the world, what best subject for that? Just you can be answered for that issue above. Every person has different personality and hobby for each and every other. Don't to be obligated someone or something that they don't want do that. You must know how great in addition to important the book The Visual Design Primer. All type of book can you see on many solutions. You can look for the internet resources or other social media.

Johnnie Nystrom:

Book is to be different for every grade. Book for children till adult are different content. As it is known to us that book is very important for people. The book The Visual Design Primer seemed to be making you to know about other understanding and of course you can take more information. It is extremely advantages for you. The publication The Visual Design Primer is not only giving you much more new information but also to get your friend when you sense bored. You can spend your personal spend time to read your guide. Try to make relationship while using book The Visual Design Primer. You never sense lose out for everything in case you read some books.

Joey Mendoza:

Often the book The Visual Design Primer has a lot associated with on it. So when you make sure to read this book you can get a lot of benefit. The book was authored by the very famous author. Mcdougal makes some research just before write this book. That book very easy to read you will get the point easily after perusing this book.

Michelle Labat:

Precisely why? Because this The Visual Design Primer is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will shock you with the secret the idea inside. Reading this book alongside it was fantastic author who write the book in such wonderful way makes the content inside of easier to understand, entertaining way but still convey the meaning fully. So , it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of gains than the other book get such as help improving your ability and your critical thinking way. So , still want to hesitate having that book? If I were being you I will go to the e-book store hurriedly.
